Author's Notes:
I didn't run up a stage, just made a wrong step. But the result was the same.

Jason ran up the stage, long mane flying.

He stumbled.

All of a sudden an awful snapping sound in his left knee - a rupture of a cruciate ligament.

Jason fell down, his left knee hurting like hell, and he cried out in pain. He managed to let his fall look like fun and went playing while lying on his back.

Then, James was there, kneeling down beside Jason, shocked.

Seeing Jason's pain James spontaneously bent down and kissed Jason's lips, forgetting that he was supposed to be straight.

Deep pleasure filled Jason's body, and he wanted to fall again.
